

CHICAGO BOTANIC GARDEN

# Brilliance The Orchid Show

February 8-March 22, 2020

10:00am—4:00pm

Revel in the warmth of the tropics this winter  
at the Chicago Botanic Garden

With more than 10,000 orchids, all blooming at once, the Orchid Show is the only show of its kind in the Chicago area! With colors bold & ethereal, flowers elegant & bizarre, fragrances sweet & rotten, and stories ancient & modern, a visit to the Orchid Show is a fascinating study in contrasts.

Spread throughout seven rooms in the Chicago Botanic Garden's Regenstein Center, the show will be available for private event opportunities for guests and clients in a tropical and stunning setting. Imaginative and creative arrangements with original designs by our Garden designers will highlight the show.
